

PCTEL® is a leading global provider of wireless technology, including purpose-built antenna systems, Industrial IoT devices, and test and measurement solutions. Trusted by our customers for over 25 years, we solve complex wireless challenges to help organizations stay connected, transform, and grow.

WIRELESS IS OUR PRIORITY

Wireless Antennas

Ensure Connectivity

- Combination Antennas
- Wi-Fi/Bluetooth®/BLE
- LMR/TETRA/P25
- GNSS/GPS
- Cellular; 5G, LTE, CBRS, 3G, 2G
- ISM/LoRa/LPWAN
- Custom Antennas

Industrial IoT Devices

Enhance Operations

- Access Points
- Radio Modules
- Sensor Communication Modules
- Custom Product Design
- Wireless Communication Sensors Platform

Test and Measurement

Verify Coverage

- Scanning Receivers
- Public Safety Network Testing Solutions
- Interference Locating Systems
- User Experience Test Tools

WHY PCTEL?

Wireless Expertise

Our skilled RF and mechanical design teams offer decades of experience solving wireless challenges.

Customer Relationships

We work side by side with our customers to create purpose-built solutions with advanced wireless designs.

Unique Design

We identify new ways to design products so organizations can communicate better.

Quality Built In

We ensure total RF system performance through the entire design and development cycle, from planning to production.
